

PSMG LIMITED BUSINESS RISK POLICY STATEMENT

We are committed to a systematic and comprehensive approach to the effective management of potential opportunities and adverse effects by achieving best practice in risk management.

PSMG embraces intelligent risk-taking and recognises that risks can have both positive and negative consequences.

Risk Management will be fully integrated with company processes at all levels to ensure it is considered in the normal course of business activities.

Risk management helps us achieve our objectives, operate effectively and efficiently, protect our people and assets, make informed decisions, and comply with applicable laws and regulations.

A formal Risk Management Strategy will be developed each year, which directly and demonstrably supports company objectives. It will be implemented with the sustained involvement of all levels of the organisation via adequately resourced plans with measurable timelines and objectives.
